# Proposed 2023 Council Districts

Submitted by Donna Resetar, 482 Park Ave, Valparaiso, IN

Ideal district population: 6,830. Range within 5 percent of 6,830 is: 6,489-7,171. Three precincts are divided to balance population among districts and stay within this range as much as possible. These are Center 26, Center 33 and Washington 03.

## Proposed Changes

**Council District 1:** Add Washington 03 east of Hwy 49 and south of 400 North (Vale Park Road). New population: **6,819**. Deviation from 6,830 is negative 11. District 1 continues covering central, southern, and eastern Valparaiso.

**Council District 2:** Add Center 26 south of Vale Park Road. Remove Center 02 west of Franklin. New population: **7,271**. **Deviation from 6,830 is 441 over. This is above the 5% population deviance threshold by 100 people. It was necessary to keep a portion of Center 26 in this district to keep the home of the current councilman in the district. This is in keeping with the redistricting guidelines.** District 2 moves slightly more north but continues covering a central portion of Valparaiso.

**Council District 3:** Add Center 02 west of Franklin. Remove Center 33. New population: **6,510**. Deviation from 6,830 is negative 320. This is within the 5 percent threshold. District 3 moves slightly more south and east but continues covering a western block of Valparaiso.

**Council District 4:** Add Center 33. Remove Center 26. New population: **6,692**. Deviation from 6,830 is negative 138. District 4 becomes a more unified northwestern block of Valparaiso.

**Council District 5:** Add Center 26 north of Vale Park Road. Remove Washington 02 east of Hwy 49 and south of 400 North (Vale Park Road). New population: **6,859**. Deviation from 6,830 is 29. District 5 moves slightly more west but continues covering a northeastern block of Valparaiso.
