## RESOLUTION 12, 2005 A RESOLUTION GRANTING TAX ABATEMENT FOR NEW EQUIPMENT FOR TASK FORCE TIPS, INC.

WHEREAS, the Common Council of the City of Valparaiso, Indiana has designated certain real estate within the City of Valparaiso, Indiana as an Economic Revitalization Area by the adoption of the Resolution No. 9, 1992 on June 22, 1992; and

WHEREAS, said Resolution No. 9, 1992, was confirmed by Resolution No. 10, 1992 on July 13, 1992 pursuant to Indiana Code 6-1.1-12.1 et. seq.; and

WHEREAS, Resolution No. 10, 1992 remains in full force and effect; and

WHEREAS, Resolution No. 12, 1995 extended the time period for use of tax abatement from December 31, 1995 to December 31, 2006;

WHEREAS, the City Council has determined to exercise its authority under Indiana Code 6-1.1-12.1-11.3 to partially waive the Company's noncompliance with the statement of benefits requirements in connection with the Company's New Statement of Benefits and its installation of the New Equipment in the ERA subject to the terms and conditions set forth in this Resolution.

NOW, THEREFORE BE IT RESOLVED, The Common Council of the City of Valparaiso hereby grants a personal property tax deduction for new EQUIPMENT for a period of TEN (10) years to TASK FORCE TIPS, INC. This action by the by the Common Council is based upon the following findings which were made by this Council after reviewing a statement of benefits as presented by the applicants. Council finds that:

- 1. That the application of **TASK FORCE TIPS, INC.** meets the requirements for filing of tax abatement.
- 2. That TASK FORCE TIPS, INC. is hereby granted deduction for new Equipment for the period of Ten (10) years. The proposed amount is not to exceed \$980,000. (Nine Hundred, Eighty Thousand Dollars).
- 3. That TASK FORCE TIPS, INC. is hereby granted deduction for a total abatement for the period of Ten (10) years. The total proposed amount is not to exceed \$980,000. (Nine Hundred, Eighty Thousand Dollars).

4. That the final determination of the amount of deduction shall be made by the appropriate County and State agencies.

ADOPTED this /3th lay of / 2005 by a 7 vote in favor and 0 vote opposed of all members present and voting.

## TASK FORCE TIPS, INC.

## High Performance Fire-Suppression Equipment Registered by UL to ISO 9001

2800 E. Evans Ave., Valparaiso, IN USA 46383-6940 • 800.348.2686 • 219.462.6161 • Fax 219.464.7155

February 18, 2004

Mr. William Hanna Economic Development Director City of Valparaiso 166 Lincolnway Valparaiso, IN 46383

Dear Bill:

It is the time of year again where we need to request that we be put on the docket for the City Council meeting on February 23rd to request tax abatements on new manufacturing equipment being placed in service during the next property tax fiscal year and to report compliance with prior years' abatements.

Enclosed you will find the following items:

CF-1 - Compliance with Statement of Benefits for the building addition we did in 1993 and subsequent purchases of various pieces of manufacturing equipment. Per instruction number 2 on the form it must be filed annually by February 28. I have to also give a copy of this to the county auditor. The instructions do not mention any action needed to be taken by the council since you have already made a resolution (93-6) for it.

SB-1 - Statement of Benefits for equipment we plan to purchase during the next twelve months. I believe this will require a resolution or action disclosed in the minutes from the council. We estimate purchasing and placing in service \$950,000 of new manufacturing equipment. As a result of purchasing this equipment, we intend to hire at least two employees to operate this new equipment and to respond to increased customer demand.

We are very excited about the next twelve months and beyond. We are going to introduce fifteen new products this spring and if I may say so myself, they are some awesome products for the firefighting industry!

As with most US manufacturers, we are facing more international competition from low wage countries. A big part of our success and continued strategy is to stay ahead of that competition by hiring the best people and investing in the best technology available to produce our products. The three new machines we plan to purchase are part of our ongoing strategy to be the best manufacturer of firefighting equipment in the industry. In Valparaiso, we currently employ approximately 126 employees, and our payroll to that group of employees is well in excess of \$5,000,000. While we anticipate hiring two more individuals to help us operate this new equipment, our primary goal is to be competitive and improve our productivity so that we are here for many years to come. We think we have the best employees in the area and are proud of all of them. Combine those employees and our commitment to technology, and we believe we are the best in the business and can win the fight against any competitor put in front of us. The City Council has been a big supporter of Task Force Tips over the years, and we have greatly appreciated that support. Any financial help we receive from the community makes us that much stronger.

Enclosed are copies for you, the mayor and each of the council members, plus two copies of each form, which will need to be signed and returned to me. I plan on stopping in at City Hall on Tuesday morning to retrieve those copies. Please let me know if you need additional information prior to the meeting. Both Stewart McMillan and I will plan on seeing you at 7:00 PM on Monday, February 23rd.

Again, we have always appreciated your support and the support of the mayor and the city council on our abatement requests. Should you have any questions concerning the above, please do not hesitate to call me.

Sincere

Jimes M. Cunningham Chief Financial Officer Task Force Tips, Inc.

#### **Position Statement**

## Executive Administration of the City of Valparaiso

#### **Background**

In the new millennium and new economy, we find our employers feeling the pressures of globalization, new technology, and a rapidly evolving economy where change is the only constant. Competition, both globally and domestically, has become very fierce resulting in mergers, acquisitions and even closures - as was the case with Magnequench. While many of the region's firms have gone from being locally owned to being under the leadership of corporate heads that live outside our state and in some cases our country, **Task Force Tips** continues to strive to compete in a global market from right here in Valparaiso.

Task Force Tips is currently engaged in a competition with firms in Asia and other locations where the cost of labor is a mere fraction of the cost in the U.S. Respect for intellectual property or patents in some of these countries is weak or non-existent, and few requirements are made of firms with respect to environmental impact. All of this and more translates into the bottom line which is this – they can bring products to market cheaper than we can domestically.

Task Force Tips' solution to this challenge is to be quicker at developing new ideas, better at delivering quality, and more productive through the use of technology and innovation. They have been successful through these means and can continue on that path, however, it requires tremendous and constant investments in new state-of-the-art equipment and the heart of Task Force Tips – their employees. Task Force Tips is meeting the competition on their own court by exporting large amounts of product each year. They are keeping jobs here, sending products around the world and ultimately bringing the wealth back to our community.

In keeping with their strategy, Task Force Tips plans to purchase \$950,000 in new equipment over the next year. They feel this new purchase will help them meet the increased demands of their customers while helping to establish a competitive advantage over their market rivals. The new equipment will have two new hires attached to it but more importantly will help ensure the retention of Task Force Tips' current labor force of 126. Payroll in support of these employees is in excess of \$5,000,000 giving them an average salary of approximately \$39,000 plus benefits.

#### **Financial Impact**

Task Force Tips currently pays \$171,897 in personal and real property tax annually and their substantial payroll now contributes to the City's EDIT funds. They regularly expand, further growing the Valparaiso tax base while providing much needed additional employment opportunities for our constituents. The purchase of nearly a million dollars in new equipment will represent yet another phase of their constant growth and will yield more tax revenue incrementally to the city over the course of an abatement.

\*Center Twp. is currently unable to produce projections of tax revenue on \$950,000 in equipment within the time required for the completion of this abatement.

Task Force Tips is an excellent corporate citizen giving thousands of dollars to United Way and other community non-profits consistently.

## Position of the Executive Administration of the City of Valparaiso

For the above stated reasons and with all aspects of this project considered, the Executive Administration of the City of Valparaiso strongly supports a ten-year abatement for this project. The administration feels that this will be a sound investment for the City Government, current employees of Task Force Tips as well as those in need of employment, and the citizens of Valparaiso. We feel a strong responsibility to partner in their efforts to maintain and grow their position in the global market place. We respectfully request your support in our efforts to further strengthen and diversify our economy.

# Task Force Tips, Inc. Form SB-1 Attachment Estimated Cost of Manufacturing Equipment to be Installed March 2, 2004 - March 1, 2005

<u>Description</u>	4	<u>Amount</u>
CNC Integrex Machine with Gantry Unit	\$	550,000
(2) CNC Lathe Machining Centers		320,000
Wire EDM Machine		30,000
Tooling for New Product Lines		50,000
	\$	950,000

#### STATEMENT OF BENEFITS

State Form 27167 (R7 / 12-01) Prescribed by the Department of Local Government Finance

#### INSTRUCTIONS:

- 1. This statement must be submitted to the body designating the economic revitilization area prior to the public hearing if the designating body requires information from the applicant in making its decision about whether to designate an Economic Revitalization Area. Otherwise this statement must be submitted to the designating body BEFORE a person installs the new manufacturing equipment and I or research and development equipment, or BEFORE the redevelopment or rehabilitation of real property for which the person wishes to claim a deduction. "Projects" planned or committed to after July 1, 1987 and areas designated after July 1, 1987 require a STATEMENT OF BENEFITS. (IC 6-1.1-12.1)

  2. Approval of the designating body (City Council, Town Board, County Council, etc.) must be obtained prior to initiation of the redevelopment or rehabilitation, or prior to installation of the new manufacturing equipment and I or research and development equipment, BEFORE a deduction may be approved.
- To obtain a deduction, Form 322 ERA, Real Estate Improvements and I or Form 322 ERA I PPME and I or 322 ERA I PPR & DE, must be filed with the county auditor. With respect to real property, Form 322 ERA must be filed by the later of: (1) May 10; or (2) thirty (30) days after a notice of increase in real property assessment is received from the township assessor. Form 322 ERA | PPME and | or 322 ERA | PPR & DE must be filed between March 1 and May 15 of the assessment year in which new manufacturing equipment and I or research and development equipment becomes assessable, unless a filing extension has been obtained. A person who obtains a filing extension must file the form between March 1 and the extended due date of that year.
- 4. Property owners whose Statement of Benefits was approved after June 30, 1991 must submit Form CF 1 annually to show compliance with the Statement of Benefits. (IC 6-1.1-12.1-5.6)
- The schedules established under IC 6-1.1-12.1-4(d) and IC 6-1.1-12.1-4.5 (e) effective July 1, 2000 apply to any statement of benefits filed on or after The schedules effective prior to July 1, 2000 shall continue to apply to those statement of benefits filed before July 1, 2000.
