July 1, 2013

Mr. Tyler Kent, AICP, Planning Director
Planning Department
City of Valparaiso
166 Lincolnway, Valparaiso, IN 46383
Valparaiso, Indiana

Dear Mr. Kent:

We are pleased to submit the following Comprehensive Plan update document titled "**Envision 2030 Valparaiso.**" With its official adoption by City Council on June 24, 2013, it provides the framework for guiding future development, redevelopment, and community enhancement in the City and surrounding planning area for the next 20 years. It stands as a vision, along with realistic goals and achievable strategies, that residents, businesses, major organizations and institutions, and public officials can support and use as a decision-making tool in the years ahead.

It is important to note that this Comprehensive Plan and its recommended actions and policies are part of a dynamic and ongoing planning process and will be subject to revisions, amendments, and eventual updating as the City continues to grow and future projects are implemented.

A great many individuals materially contributed to the analysis and recommendations presented in this document. We wish to express our appreciation to everyone involved. Particular appreciation is expressed for contributions by the Plan Update Steering Committee, City Planning Commission, and to City of Valparaiso staff members.

It has been a privilege to be involved in the development and preparation of this update to your Plan. We look forward to continued involvement in the discussions and analysis that will follow it.

Respectfully submitted,

KENDIG KEAST COLLABORATIVE

Bret C. Keast, AICP
President
